# 2023/2024 PROSPECTUS

Preparing the next generation to excel in  
their God given purpose

## **Welcome to the King's House School Windsor**

We hope this prospectus gives you insight into the life of the school. We believe every child matters, every child is unique and that every child deserves the best possible start in life. That is why we are committed to playing our part in helping each child excel in life. We would like to invite you to learn more about the school and look forward to meeting you and your children.

**Lyndsey Harding, Head Teacher, The King's House School, Windsor**

# ABOUT US

about us

# OUR VISION

To prepare  
the next  
generation to  
excel in their  
God given  
purpose.

## 1. Engage

We want children to have the opportunity to experience an engaging, interactive and inspirational education that will shape their lives and prepare them for their future.

## 2. Establish

We want to see children established in life, so we give our students a strong Bible based foundation and focus on character formation as an integral part of their education.

## 3. Equip

At The King's House School, we aim to equip our children by providing an excellent and personalised, all round education and Biblical world view.

## 4. Empower

We want to empower our children by providing them with the knowledge, understanding, skills and attributes that they need and by helping them to discover their unique gifting and increasingly explore their purpose.

about us

# OUR ETHOS

The school has a Christian ethos.

The school ethos is spiritual, communal, innovative and outward looking encapsulated in our values of 'faith,' 'family' and 'future'.

## 1. Faith

Jesus said, "I am the way and the truth and the life." As a Christian school, we seek to help each child discover their purpose and learn principles that they can build their life on so that they can lead a full and fulfilling life.

## 2. Family

We want to build a family culture that is affirming, inclusive and secure where each child feels like they belong. We do this by working closely as parents, teachers, school supporters and the local church community.

## 3. Future

We are forward looking and forward thinking. We want to prepare our children for the fast changing and challenging world they are growing up in. We want to provide an innovative and relevant education that will equip them to shape this dynamic new world.

# OUR TEAM

We have a talented teaching team. They are passionate about providing an excellent education and seeing that every child is valued and nurtured so that they can fulfil their full potential.

about us

# LEARNING

# APPROACH

Our goal is to see each child experience a continuous journey of personal development and academic achievement where they grow **mentally, physically, spiritually** and **socially** every year.

We seek to achieve this through **engaging** them so that they are inspired and motivated to learn and develop themselves. Secondly, by helping them **establish** firm foundations so that they develop in character, confidence and conviction. Next, by **equipping** them with the necessary knowledge, understanding, skills and attributes. And lastly, we seek to **empower** them by helping them to discover and use their strengths, gifts and talents. This process is delivered through our **curriculum, classes** and **culture**.

learning

learning

# CURRICULUM

We use a combination of the Accelerated Christian Education Programme and also a variety of curricula for all other subjects and where necessary to provide additional learning to match the National Curriculum aims in order to provide a broad and balanced curriculum. As The King's House School, Windsor aspires to finish in year 8, it is important for all our pupils to be prepared for the next stage of their education; whether continuing with ACE or beginning a GCSE pathway in year 9..

## GROUPING

### Languages

Careers  
Spanish

learning

## CLASSES

We see our classes as little teams and families where we work together and encourage each other to achieve and excel.

As well as teaching and creating a secure learning environment, we see our teachers as coaches and cheerleaders. Their goal is to motivate each child, facilitate their learning journey and encourage them every step of the way. Each class has a lead teacher and a teaching assistant. The school has smaller than average class sizes (maximum 15), known as learning centres, which allow children to learn at their own pace.

learning

## CULTURE

As a school we believe that our values need to be lived and expressed in our behaviours and in the environment we create collectively. We take every opportunity inside and outside of the classroom to embed our values and create a positive and uplifting school culture.

# OUR COMMUNITY

our  
community

# PARENTS

Parents and families at The King's House School, Windsor have been integral to the progress and success of the school.

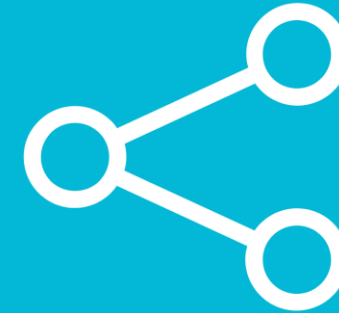

We greatly value our parents and families and seek to work together to build a culture that is affirming and uplifting, where each child feels that they belong and can flourish.

Our goal is to serve and support families as we work together to invest in the next generation.

well at this school

our  
community

“There is a small community feel to the school. The approach to teaching and learning has really worked for our children. They are growing in leaps and bounds which has been a pleasure to watch. I’ve also enjoyed volunteering. It’s nice to have the opportunity to help and enjoy the school with my children.”

**Jennifer**

“One of the main things we love about the school is that our children are taught in a safe and loving environment. Biblical principles are taught each day like being kind and loving one another and we have seen each of our children flourish in their own special ways.”

**Jaime**

“I like the focus on character development as well as academic achievement. Things like kindness and respect. They don’t tolerate bullying. They teach the children to be like Jesus. Also, I really like that the teachers really care about the children and want the best for them. They really love them and pray for them every day which is invaluable.”

**Lorna**

# Parent Testimonials

# ALUMNI

our  
community

We are really proud of the way students coming through the school have grown to become caring, capable and confident young people ready for the next chapter of their education...

# SCHOOL VISION PARTNERS

The School Vision Partners are a team of people who are committed to seeing the vision for the school realised and who are willing to commit consistent financial support.

Our School Vision Partners have been instrumental to the success and sustainability of the school. Our goal is to keep fees as low as possible whilst providing the highest quality of education possible.

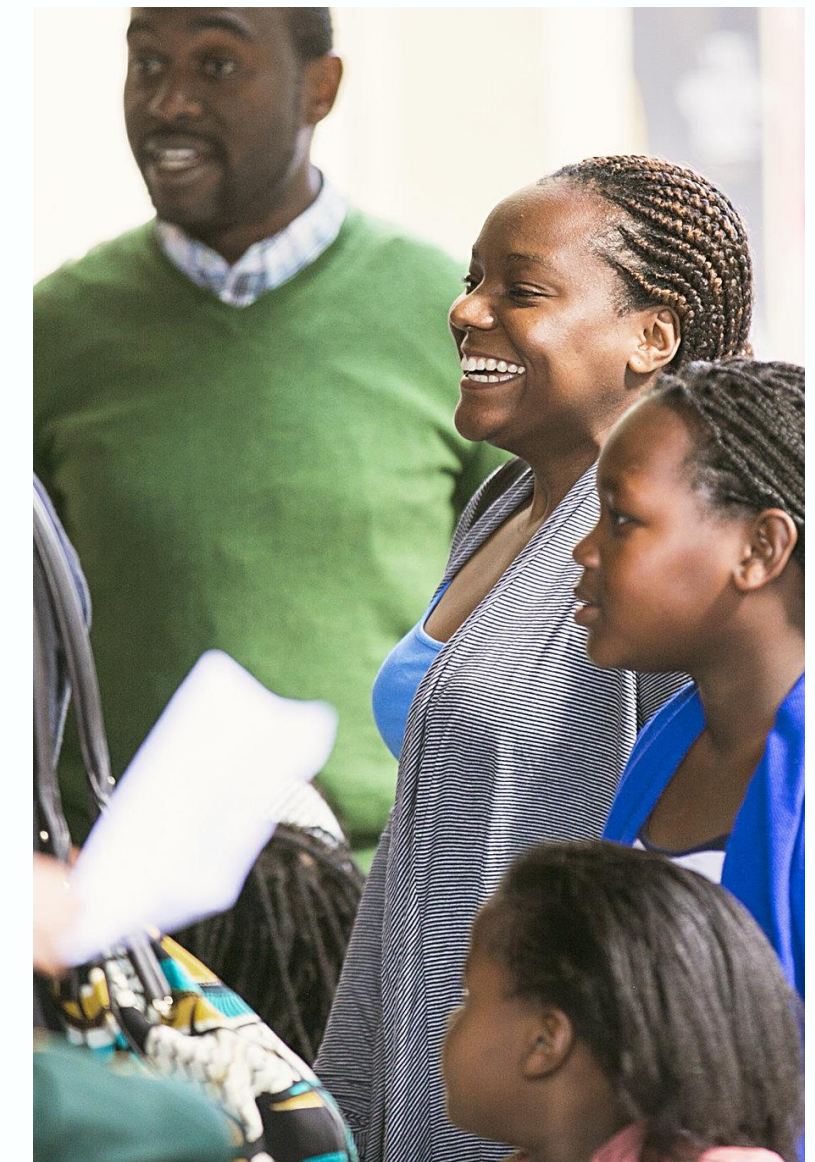

our  
community

# CHURCH

The King's House School Windsor has grown out of the vision of the King's Church International community. Founded in 1943, the church has always had a vision to invest in children and young people.

Pastor Wes Richards, the senior pastor of the church, shared how he had felt the urgency to start a school after the birth of his first grandsons. The motivation to start a school was shared by the leadership and by many of the young parents in the church. So together, the church worked to launch the school in 2012.

As a school, we have benefitted greatly from the investment and support of the church family.

# ADMISSIONS

# ADMISSIONS

admissions

The King's House School Windsor is an independent school for boys and girls aged 3 to 13 years (from pre-school to Year 8). We are currently registered to admit up to 75 pupils.

As a school founded upon Christian principles, priority will be given to children who regularly attend church. However, admissions are open to children of all faiths and none.

Please visit the school website for more information about admissions.

admissions

## FEES

For the academic year 2023-24, the cost for a child of compulsory school age to attend the school is £5,082 per annum. This is payable monthly at a fee of £424 per month. We receive Early Years Funding for eligible children. For full information around fees and sibling discounts please see the school website.

# WHY ARE WE AN INDEPENDENT FEE PAYING SCHOOL?

Being independent gives us greater freedom in how we operate and how we deliver the curriculum.

In short, it is the best approach for us to deliver our vision, live our values and pursue our distinctives as a school given the current funding and governance models of the United Kingdom.

There are many challenges within the education system and we believe independence gives us the best opportunity to help pioneer a different approach to learning and school life.

In some countries there are greater freedoms with regards to school funding and parental choice.

For example, some countries have school voucher systems. This means funding follows the child and parental choice. Under such a model we could fund the school via existing public funds if parents chose to send their children to The King's House School, Windsor.

As this is not the case in the UK, independence and a bold faith approach is preferable in order to realise our vision without compromising our values.
